Paddy seed sold to farmers of SIFPC on 06/02/2021

Aggregation of Black Gram from farmers at Mannargudi on 27/04/2021

The The South Indian Farmers Producer Company Limited played a vital role during the COVID 19 pandemic in 2020, by initiating sale of vegetables to homes in Mannargudi, thereby ensuring a continuous supply of stock to the beneficiaries as well as ensuring that the farmers earned an income during this difficult and challenging period.

Future Plan

The FPO has planned to procure sufficient and appropriate infrastructure to clean, grade and sort the aggregated produce such as black gram, groundnut and green gram to facilitate a better market price.

The FPO has also planned to prepare an Expansion Grant proposal to expand the activity of the FPC by starting custom hiring centre, value addition of farmer produce unit, production of

seed (paddy, black gram and green gram). In addition, another proposal for equity grant will be prepared and submitted for improving the activities.
